

FABBRI AMARENA 1905

WILD Cherries

COLOUR, AROMA AND TASTE

Decadent, delicious and intensely flavourful, Amarena Fabbri cherries are still produced from wild black cherries. The cherries are a fleshy, dark red variety with a burst of flavour that is both sweet and tart.

These luscious cherries and their rich cherry syrup are crafted today using the same family recipe developed more than 100 years ago.

In addition, the Amarena Fabbri are gluten-free, kosher and Halal-certified.

Available in 600g and 1.2kg ceramic jars. Made in Italy.
